In this inning an inciplent riot followed Telegia's attempt to spike Hoffer as he ran past first. Returning to the base, Hoffer vigorously pushed Tebeau, felling him to the ground. Excitement ran high as the players rushed in from the field, while yells and imprecations filled the air.

The Champions added another tally to ther score in the ninth, and at one time had a chance of winning the game. With two out, McGraw and Keeler drew bases on balls, and Jennings was hit by the

ernor's Foot Guards. New Haven.

NEW HAVEN, CONN., October 8.—

President Cleveland has declined the escort tendered him by the Second Company, Governor's Foot Guards, of this city, on the occasion of his visit to the Atlanta sposition about the middle of this month. The President, in his letter, which hears date of October 6th, Says:

"I have already expressed my preference against an escort to the exposition by a military company of Georgia, and I confess that I am desirous of having my fourney to and from Atlanta as free from display as possible. I shall be accompanied by nearly if not all the members of my Cabinet, and perhaps their families, and I expect we shall go and return by the Southern railway, though I have not been timally notified as to that.

"Considering the situation, I think it will be better to abanden your project, though I assure you I am fully sensible of the kind consideration which prompts your offer, and desire to return my thanks for the same."

DEBS TO THE A. R. U. Work of Secret Organization-The Order Spreading Rapidly.

President Debs, of the American Railway Union, has besued a circular to the local unions in regard to the work of secret organization, which has been found necessary in many localities because of the disfavor in which the union is held by railroad officials. The circular explains the methods to be pursued in this work, and concludes as follows:

"I am especially pleased to inform our union that the order is spreading rapidly through all the Eastern States. Next year, in all probability a special convention will be held, when such changes in the organic law and in the general policy of the crior will be made as may be required to adapt the order to the evermowing tide of events.

"Some of our enemies were foolish enough to believe when we were defeated last summer and sent to jail that the career of the American Railway Union was ended. As a matter of fact, it has just begun."

CHINESE VILLAGE "PULLED."

Charges with Respect to Girls Brought from Flowery Kingdom. ATLANTA, GA., October 8.-Two At-lanta laundrymen had the Chinese village pulled to-day. They charged that Leon-lam and Kee-Ow-Yang, the concession-aries, had imported thirty Chinese girls for wrongful purposes, and swore that the girls were to be sold into virtual slavery here. Rich Chinamen pay about \$10.09 for a good-looking girl, it is said.

There are thirty women in the Chinese

village on the Midway. To make a test case, only hine were taken down to the custom-house and arranged before Judgd Newman, of the District Court. A hearing on write of habeas corpus will occur next Saturday.

Leon-Lam, whose face has become familiar to visitors to the Midway by his towering and robust form and good-natured countenance, laughed at the idea of the charges contained in the petition.

"I wish," he said, in very good English, "that you would come and see how farther girls are kept in slavery. They are free, it has been stated by the sare persons that the girls were brought here for wrong purposes. This is not true. They have been here four weeks now, and nothing but good behavior has taken place, as everybody can testify. I want it settled. We will have no trouble in the court."
